Honor Killings

Exodus

Culture of honor, culture of shame
Imprisoned by the burqa
Her innocence to blame
Sharia law and the almighty Allah
Rule with the whip in hand
Divine decree alliance against women
Throughout the holy landBuried alive, burned, mutilated
Dragged through the streets
Decapitated, decapitated, decapitated
Beg for mercy with no avail
Muslim teachings must prevailJudge and jury with zero degree of moral culpability
Death by lapidation
The law of Islam nationFather slays daughter
A husband his wife
A mother is killed by her son
Cut from the womb
Bastard infant is strangled
A page from the holy Quran
Honor killers, moral vigilantes
Wipe away the stain of shame
To protect the family honor
And restore the family nameBuried alive, burned, mutilated
Dragged through the streets
Decapitated, decapitated, decapitated
Beg for mercy with no avail
Muslim teachings must prevailJudge and jury with zero degree of moral culpability
Death by lapidation
The law of Islam nationHeed obey! Get on your knees and pray
Heed obey! Five times a day
Heed obey! Get on your knees and pray
Heed obey! Five times a day
We put thee on the path, so follow it
And follow not the whims of those who know not
Heed obey! Get on your knees and pray
Heed obey! A tortured body on displaySegregation discrimination female genital mutilation
Subordination banned from education
Actions and sayings of the first three generations
Forced into marriage against her own will
Dowry and bride price to seal the deal

Left to rot in solitude
Suicide is the only substituteBuried alive burned mutilated
Dragged through the streets
Decapitated
Beaten tortured ostracized accused of being westernizedJudge and jury with zero degree of moral culpability
Death by lapidation
The law of Islam nationJudge and jury with zero degree of moral culpability
Death by lapidation
The law of Islam nation
