

# Infinite

## Arshad

We accept the love we think we deserve  
Decisions shape the life we live, lessons learn  
But thinks are happy in our lives and  
Moments come up by surprise  
And we must try to move alone

Dear friend  
Iâ€™ve been trying to start all over again  
But it feels like I am falling  
And I canâ€™t remember why  
But I know Iâ€™ll get back  
â€™Cause in this moment we are alive

Dear Friend  
Being happy, being sad  
Trying to figure out once in my head  
These feeling overwhelmed my mind, yeah  
But feeling sad and feeling blue  
The start is gone when Iâ€™m with you  
And in this moment we are infinite

But thinks are happy in our lives and  
Moments come up by surprise  
And we must try to move alone

Dear friend  
Iâ€™ve been trying to start all over again  
But it feels like Iâ€™m falling  
And I canâ€™t remember why  
But I know Iâ€™ll get back  
Cause in this moment we are alive

Dear friend  
Iâ€™ve been trying to start all over again  
But it feels like Iâ€™m falling  
And things changes  
And friends leave  
Life doesnâ€™t stop for anybody  
But in this moment we are alive

Dear friend  
Iâ€™ve been trying to start all over again  
But it feels like Iâ€™m falling  
And I canâ€™t remember why  
But I know Iâ€™ll get back  
Cause in this moment we are alive
