Forgive Nothing

Blood Red Shoes

Is it just a passing phase?
Do your methods change each day
False are stating your reason claim
No one's listening what a shameOh, so never mind
Oh, so never mind
Oh, so never mind
Oh, so never mindThe big intention's fallen flat
So try to break your way out of that
Create an image so contrived
Nothing at your side ...Oh, so never mind
Oh, so never mind
Oh, so never mind
Oh, so never mindNever mind x 14Is it just a passing phase?
Do your methods change each day
Forgiving nothing is being kind
You turn your back and you left us behindoh so, never mind
oh so, never mind
oh so, never mind
oh so, never mind
