Await my turn, prepare countdown
Massive loaded battery stations
Enigmatic cycles, A.I.
WildfireNightsky raging, engines burning
I come alive, The Undertaker
I hunt them down, my engines'
HellfueledTake off, lightspeed liquid metal
Cyber engines, all systems go
HellfireSpeed through the end of time
Racing fast
SpitfireRide the sky, sacrifice
Blinded eyes, energize
Ride the sky, I will blind your eyesSpitfire
