Halls Of Valhalla

Judas Priest

Fierce is the gale
On the north sea
We drink and rejoice from the chalice
Holding the course
Through long nights and days
The ice and the hail bear no malice
Tow the line
Keep it fine
Every man seeks this endValhalla, you are calling
Valhalla, you are calling me home
Valhalla, new day dawning
Valhalla, this is where I belong, I belongWe crash o'er the waves
Bite deep on the oars
Scouring the spray
On the storm's maul
Then lightning reveals
For what we all pray
By Odin in Asgard
It's land fall
Life from death
Combat rests
Heralds peace for the slainValhalla, you are calling
Valhalla, you are calling me home
Valhalla, new day dawning
Valhalla, this is where I belong, I belongThe storm in the night takes us there
On an unrelenting tide
As the wind drives us ashore
Halls of Valhalla
Tow the line
Halls of Valhalla
Tow the line
Tow the line
Keep it fine
Every man seeks this endThe halls of Valhalla are calling me home
The halls of Valhalla that's where we belong
Valhalla you are calling
Valhalla you are calling me homeValhalla new day dawning
Valhalla this is where I belong, I belong
