

# Straight From The Heart

## The Gap Band

Written by: Greg C. Jackson

(Chorus)

Iâ€™m coming, straight from the heart

Iâ€™m coming from the heart.

Iâ€™m coming, straight from the heart

Iâ€™m coming from the heart.

You that, I love you, always thinking of you

Thereâ€™s no better lover in the world, aww like you girl.

So happy I am flying, at night my, bodyâ€™s crying.

Longing for your sensuous touch.

Think Iâ€™m coming for you.

(Chorus)

Some men think, that I should not

Forget the things that I was taught.

Never let a woman know how you feel, the macho seal

But I just wonâ€™t, start faking, lying cheating, and a shaking.

Now that I found ya let me close the deal

Cause baby Iâ€™m for real.

(Bridge)

Girl let me tell ya, just how I really feel

Iâ€™ve got a tailor made life

Do you really want to go, do you want it, do you want it my lovin.

(Chorus)

(Bridge)

(Chorus)
