

# Daylight Robbery (Instrumental)

Imogen Heap

Don't mind me, just cruising by  
By the girl with the balloon  
Good, it looks like we're the only ones around  
Caught on C-C-T-V  
Heading towards the city light  
Winking diamonds at me  
Arms stretched out now It gets me every time  
It gets me every time Happiness and silhouettes  
Revolving in the deep water indigo  
It's high tide  
Pleasure moment  
Thinking big  
Thinking positive  
And itching to get on with it  
It's all stops out Excess  
Is the new moderation  
Get dressed up  
To the power of ten  
Raise glasses  
On repeat and again again again  
Again again again again again It gets me every time  
It gets me every time Wade the sonic joy  
Pleasure the wave and synchronize  
Sway in the sonic joy It gets me every time  
It gets me every time Every time  
It gets me right here  
Every time  
It gets me right here  
Every time
