

Don't Be Afraid

Faith Evans

Baby, don't be afraid of
Afraid of my love Since we've been together, baby
It hasn't been too long
But I slowly feel myself
Falling love again And I want to give you more
Of what I have inside
But if I open up to you
Baby, you've got to love me too Every time I think about the
Time we spend together, baby
Holding hands and making love Long walks and morning talks
I can't believe you only thought
That we were friends
Boy, you can't pretend Baby, don't be afraid of
Afraid of my love
My baby, don't be afraid of
Afraid of my love Take some time to listen, boy
It's not so hard to do
Why can't you understand
After all that we've been through If you cut away your pride
And search within yourself
I know you'll change your mind
'Cause I'll be with someone else Baby, don't be afraid of
Afraid of my love
My baby, don't be afraid of
Afraid of my love Every time I think about the
Time we spend together, baby
Holding hands and making love Long walks and morning talks
I can't believe you only thought
That we were friends
Boy, you can't pretend If I didn't have you, baby
I don't know what I'd do
'Cause you make me happy
And I'm giving you all my love I never want to be without you
I don't know what I'd do
'Cause you make me happy
So boy, don't be afraid of my love Baby, don't be afraid of
Afraid of my love
My baby, don't be afraid of
Afraid of my love Baby, don't be afraid of

Afraid of my love
My baby, don't be afraid of
Afraid of my loveOoh, oh baby, baby, don't be afraid
