# After Your Heart

## Phil Wickham

Can I have your attention
What are we starting here
Just look around cause the answer is clear
Listen, listen
And hear the coming sound
All of the children are singing it loud

Let's be the revolution
That lives for hold nothing back, nothing back

We're after Your heart, after Your heart
All of the walls now are breaking apart
Live like we see it, love like we mean it
This is the start, we're after Your heart

Start the ascension
Begin the holy climb
Up to where heaven and the earth collide
Bring your affection
All that you have inside
Enter the kingdom and become alive

Love with no condition
It lives for holding nothing back, nothing back

Oh let's go higher and higher
Hear the song of the free
Hallelujah, Hallelujah
Lift your soul join with the choir
Sing the song, let it ring
Hallelujah, Hallelujah
