For the Good Times

Perry Como

Dont look so sad, I know its over
But life goes on and this ol world will keep on turning
Lets just be glad we had some time to spend together
Theres no need to watch the bridges that were burningLay your head upon my pillow
Hold your warm and tender body close to mine
Hear the whisper of the raindrops blowing soft across the window
And make believe you love me one more time for the good timesIll get along, youll find another
And Ill be here if you should find you ever need me
Dont say a word about tomorrow or forever
Therell be time enough for sadness when you leave meLay your head upon my pillow
Hold your warm and tender body close to mine
Hear the whisper of the raindrops blowing soft across the window
Make believe you love me one more time for the good times
For the good times
