

# Who Killed John Lennon

Ellis Paul

Do not mention his name  
The man kills John Lennon, now he's on TV again  
He's blaming Holden Caulfield in the face of the lens  
And each time he does it, he kills him againWho killed John Lennon?  
A loser with a pistol, a martyr's best friend  
And each time he's televised, he kills him again  
It's the prize that he wanted when he loaded the gun  
And each time he's mentioned, murder is done  
So, who killed John Lennon?  
A no oneHe's on TV again  
He's playing the hero  
The networks won't let the story end  
He brings in the ratings for them  
He's playing the hero  
But he's a killer  
He's been convicted  
He's been convictedHis lawyer must think it's a game  
Though he knows Lennon's songs, both in word and by name  
He cold calls the networks, retrieves all the funds  
Then he scrapes his percentage when the programs are run
