It's So Simple

Corey Feldman

It's So Simple Lyrics

(Intro)
When you get something in your head, write it
When you see something you love you know you've got to love it
It's as simple as that
When you love the one your with you've got to tell her
When you know how to give to a child, give it, oooh just live it

(Chorus)
It's so simple
Why don't we just take some time
It's so simple we can keep this dream alive
It's so simple
To live if we learn to give,
baby it's so simple
Why do we cry when our loved ones die
I can tell you why
Hurts so bad inside
Baby it's so simple

(Verse)
When you feel a feeling you've got to live it
And when you see that money in your pocket and the kids on the street
You've got to give it
There's no limit
If it hurts inside
Lemme tell you why
Lemme tell you why

(Chorus)
It's so simple
Why don't we just take some time
It's so simple
We can keep this dream alive
It's so simple
We can live when we learn to give
Baby it's so simple
Why do we cry when our loved ones die
I can tell you why

Lemme tell you why
Baby it's so simple

Oooooh yeah
Ooooooh hoooooo
Yeah
It's simple now, it's simple now
Guitar
Yeah. Yeah
Yeah yeah yeah yeah
Simple now simple now

(Verse)
When you feel cool breeze
You've got to breathe it
And when you look in the mirror
A scared little man telling you to change
Believe it
So when you look at the stars wondering how far to fly there
Just know there's a child that's cold n' gonna die nobody knows why nobody cares

(Chorus)
It's so simple
Why do we waste so much time
It's so simple
I'm not telling you a lie
It's so simple
To live when you learn to give
Baby It's so simple
Why do we cry when our loved ones die
I can tell you why
Lemme tell you why
It's so simple
Why don't we take some more time
It's so simple
I'm not telling you a lie
It's so simple
Yeaaaaaah ha!
You can give when you want to live
It's simple now
It's simple now
Why do we cry when our loved ones die
I can tell you why
I can tell you why

It's simple now
It's simple now
