Alone With You

Cortni

if i could come up with a better excuse
i will but i cant so i wont
I'll just tell you the truth that
i really think your hot and
I'm afraid your friend is not
and though i think its great that she could stay
id rather spend this time alone with you
if i could find one friend
who would hook up with yours
i will but i can't so i wont
and if i could lie and say
that i wish she could stay
i will but i don't so i won't
why won't she go away?
look i think your friends ok
and there's no easy way for me to say
so could you ask your friend
if she could leave
just so i could be alone with you
alone with you
i don't think she knows

that i want her so to go
I'm not sure if you do too
so tell me if you want
to be alone with me too
so we could just ask her to leave
i cant make my move
if she stays here in my room
unless you say its ok
then i guess she could stay
if you really think its fine
and if you promise me that
she wont mind
i guess it ok
yes if she wants to stay
as long as i can be alone with you
alone with you
alone with you

alone with you
if she was hot like you
i would ask her to join
but she's not, so she'll just
have to watch... tv..
