Be Above It

[Tame Impala](#)

Gotta be above it
Gotta be above itAnd I know that I gotta be above it now
And I know that I can't let them bring me down
And I gotta bide my time as a face in the crowd
And I know that I gotta be above it nowAnd I know that I gotta be above it nowAnd I gotta bide my time as a
face in the crowd
And I know that I gotta be above it now
And I cannot let them all just bring me downThis time I'm just gonna take it all
I'm never gonna shake it up
I'll just close my eyes and make so that all the things don't affect me now
I know that I gotta be above it nowAnd I cannot let them all just bring me downThis time I'm just gonna take or
I'm never gonna shake it
I'll just close my eyes and make so that all the things don't affect me nowGotta be above it
Gotta be above it
