

# I Believe

## I Am Kloot

i believe,  
in the hallelujah chorus of the shopping malls  
we say we can't, we know we shan't, well of course we shall  
'cause i've seen, i believe i believe,  
that we are forever something which is incomplete  
we trade ourselves for nothings and our words are our conceit  
i have seen, now i believe that the ceaseless, seamless strain of your heart  
will one day cause itself to make a start  
with me, we believe i never thought i'd string you along  
i never thought we'd last this long  
but we've seen, so we believe in the hallelujah chorus of the shopping malls  
we say we can't, we know we shan't, well of course we shall  
'cause we've seen, now we believe i never thought i'd string you along  
i never thought we'd last this long  
i have seen, i believe that we are forever something which is incomplete  
we trade ourselves for nothings and our words are our conceit  
i have seen, i believe [bedroom radiation]?  
[in your television]?  
[radiation]?  
[radiation]?  
[radiation]?
