

Forever

The Statler Brothers

I'm tryin' to get over you, seems to take so long
I'm cryin', it's about you, God, where did this thing go wrong? Forever I will love you, Ill never get over loving
you
Forever I will love you, Ill never get over loving you I had always thought Id spend my life with you
Now I know Ill only spend my whole life through, remembering you Forever I will love you, Ill never get over
loving you
Forever I will love you, Ill never get over loving you
Forever Ill be loving you
