

Definition of Down

Teena Marie

Oh, I love the rain beating on my window pane, I'll give you all my love and keep nothing for myself,
I'll sacrifice for you and, pay the price for love itself,
Unconditional, like a guy who takes the fall,
Through the fire, baby, to the limit, to the wall, Here I am, can I be your fool?
What you want, cuz I'll get it for you?
And, I don't know what to do,
Cuz I'm so in love with you,
All my empty pockets spend,
Ride with you til the very end,
Telling you I'm down,
And, then I'll do it all again, That's the definition of down,
Baby, let's get down to Ground Zero,
That's the definition of down,
Damn, I dig you baby, and, you know,
You know, yeah, you know, Dig down real deep for you and, ask for nothing in return,
I'll give you all my specials, baby, and, anytime you need to burn,
I'll make it so organic, daddy, just like a stroll around the park,
Deep down like, nice and easy, like shadow-boxing in the dark, Here I am, can I be your fool?
What you want, cuz I'll get it for you?
And, I don't know what to do,
Cuz I'm so in love with you,
All my empty pockets spend,
Ride with you til the very end,
Telling you I'm down,
And, that I'll do it all again, That's the definition of down,
Baby, let's get down to Ground Zero,
That's the definition of down,
I'm 'bout to put it down, baby, and, you know,
You know, yeah, you know,
Baby, you know, yeah, you know, Through the fire, to the limit, to the wall,
Here I come every time you call,
Like the autumn leaves that fall,
Never hesitate to give my all, Through the fire, to the limit, to the wall,
Here I come every time you call,
Like the autumn leaves that fall,
Never hesitate to give my all, Through the fire, to the limit, to the wall,
Here I come every time you call,
Never hesitate to give my all,
Like the autumn leaves that fall, Through the fire, to the limit, to the wall,

Never hesitate cuz that's my definition of down, That's the definition of down,
Baby, let's get down to Ground Zero,
That's the definition of down,
Damn, I dig you baby and, you know,
You know, yeah, you know,
Baby, you know, yeah, you know, you know
