# Any Chance?

## Blutengel

You dont want to live this way
I see it in your eyes
I hurt you every day
I see it in your eyes
You just want to be loved
I feel it everytime
You dont know what to do
So you run away from meWhat can we do to be together?
Is there any chance?
Do we have to die for love or do we love to die?
Will there be a better life in the land so far away?
Is there a place for you and me?
Will we feel our love again?What can we do to be together?
Is there any chance?
Do we have to die for love or do we love to die?Please dont ever leave me standing
I dont want to be alone
Dont run away from all your problems
I dont want to be alone
What shall I do, what shall I say?
I dont want to be with you
But I cant live without your love
I cant live without youWhat can we do to be together?
Is there any chance?
Do we have to die for love or do we love to die?
Will there be a better life in the land so far away?
Is there a place for you and me?
Will we feel our love again?What can we do to be together?
Is there any chance?
Do we have to die for love or do we love to die
