Revival

FEARLESS BND

Here I am
answer the call
I want revival
no more survival
heal the land
search the waters
break the idols
raise the alter

fill me up and now pore me out
place your words upon my mouth
the ones that won't come out
light a fire, inside my heart again
fame it into flame burn until the end

see the king
high on his throne
but strength fills the temple
we are his own
holy God, send your glory
bring the fire
take us higher

fill me up now and pore me out
place your words upon my mouth
the ones that won't come out
light a fire inside my heart again
fame it into flame burn until the end

Emanuel
our God with us
I will triumph
in christ my king
in my worship, I will sing
you conquered it all for me
you conquered it all for me
I will triumph
in christ my king
in my worship, I will sing

you conquered it all for me
you conquered it all

fill me up now and pore me out
place your words upon my mouth
the ones that won't come out
light a fire inside my heart again
fame it into flame burn until the end

Will you burn it in me a light
I want revival
I'll be the sacrifice
so raise up the alter

fill me up now and pore me out
place your words upon my mouth
the ones that won't come out
light a fire inside my heart again
fame it into flame
burn until the end
