

# In the Sun

## Mortal Love

I feel like I am dirt to you  
You hate me cause I love you  
Just tell me why I'm so low to you  
Didn't I mean anything Your happiness is my sorrow  
My sorrow is my way  
My life is a failure  
Growing bigger everyday Does it make you happy to see me sad  
To break my heart and leave Here we are  
You and I  
In the sun  
In the sun we're gone
