Take My Heart

Sestra

Take my heart
When you go
And forever you will never be alone.
Carry me
Through your day
Then forever you will never need to explain
The emptiness behind your eyes
Well if it doesnt go away
Then honey neither will I

When you canâ€™t shake the empty
You canâ€™t reason how you feel
When you hollowed up your thoughts
Nothingâ€™s found and nothingâ€™s lost
Thatâ€™s where Iâ€™ll be
Take my heart and feel the empty

Hold my love
In your hands
Then forever I would touch the dreams that you plan
Keep me close
When trouble hides
And forever you will know
That I am always on your side
When the emptiness behind your sweet eyes
Well if it doesnt go away
Then honey neither will I

When you canâ€™t shake the empty
And you canâ€™t reason how you feel
When you hollowed up your thoughts
Nothingâ€™s found and nothingâ€™s lost
Thatâ€™s where Iâ€™ll be
Take my heart and feel the empty

I hear your quiet in the noise
Without a word I hear your voice
Wherever you go
Iâ€™m with you

Iâ€™m with you

So when you canâ€™t shake the empty
And you canâ€™t reason how u feel
When you hollowed up your thoughts
Nothingâ€™s found and nothingâ€™s lost
Thatâ€™s where Iâ€™ll be
Take my heart and feel the empty
Take my heart and feel the empty
Take my heart and feel the empty

Take my heart
When you go
Then forever you will never be alone.
