

Monique

Frank Sinatra

When they see Monique
Perhaps they'll understand Monique, Monique
I've hungered so for this
Monique, Monique
The wonder of your kiss Monique, Monique
Was Paris always there
Monique, Monique
I didn't know or care But why am I dancing
My friends may well demand
I'll tell them Monique
Monique held my hand And when they see Monique
Perhaps they'll understand Monique, Monique
Was Paris always there
Monique, Monique
I didn't know or care But why am I dancing
My friends may well demand
I'll tell them Monique
Monique held my hand When they see Monique
I'm sure they'll understand
