Outta Me

Bikini Kill

It's about bein' in love
It's about bein' in hate
It's about not wanting to miss you
It's about wanting you dead
Push the walls open
I wanna see my memories bleed
No I don't remember you ever loving me
I think that was your fucking fantasy
I think you want everything
Push the walls open
I wanna see my memories bleed
No I don't remember you ever loving me
I remember the back of your head
Leaving
And now i am quite sure you want
everything everything everything Everything
Everything everything everything everything
outta me
