Introspective

Outlandish

Advisory - the following lyrics contain explicit language:

Brother, stand the pain
We filled with skin, blood, veins, bone, soul and brain
Theres no room for lack of trust
We must just read to act and bustDont go back to sleep, time for prayer
Dont let it defeat ya, time to find whats ya real, need my player
You who only see me as an entertainer
See this, here I have to say, I have this worldBut I also have my faith
The early breeze dawn is my energy shot
When I dont make it in time, feel like everything drops
Learn from Ali how to fight without the ego in sightI gotta fast for a while so my nature is cleansed
The hidden sweatness from my stomach's emptiness is my friend
You who only see me as an entertainer
See this here I have to sayI want to be free from this ego dog of mine
'Cuz it hides who I am and its wasting my time
Put a leash on it, brother, once he sniffs, he is on fire
Learn from Ali how to fight without the ego in sightI gotta fast for a while so my nature is cleansed
The hidden sweatness from my stomachs emptiness is my friend
You who only see me as an entertainerYeah, lo voy a hacer
Pa mi barrio con el que siempre puedo disponer
Y que salga como salga, esta vez va pa la calle
Para todos mis consortes que no pierden ni un detalleMe preguntan de donde soy, soy del rumbo
Donde todos son muy duros pero justos
Donde toda sinfona es con pason
T que solo buscas un entertainerMis lnias estn aqu, es mi vida tengo lengua
Eso es as, yo digo lo que veo y reflejo lo que siento
Honduras, mi Cuba, Dinamarca manifiesto
Mis pensamientos de la calle han fluidoCon los pies sobre la tierra escucho su crujido
Aqu toda sinfona es con pason
No solo soy un anfitrin, thisLet's keep it shoulder to shoulder and feet to feet
Straighten our lines from inside and to on the streets
Its the voice of a new generation that cant be beat
Its that type of music that gets under our skin and meatIt made me bow down to the most high

And realize whoever said that a grown man cant cry they lied
See, every soul will taste death, I only fear him
I address his beloved with a peace be upon him
