# The One Minute Love Song

## Captain Everything!

It's alright,
I'll understand,
If you don't want me to hold your hand.It's ok,
And its alright,
Just as long as you stay here tonight.Well it's ok,
Cause I don't care anymore,
And it's alright,
I don't need you anymore.Been with you,
Seen with you,
Been without you all these years,
But I know,
You've gotta leave me behind.Well it's ok,
Cause I don't care anymore,
And it's alright,
I don't need you anymore.Been with you,
Seen with you,
Been without you all these years,
But I know,
I gotta leave you behind.
