You Again

The Huntingtons

another bad thing's happened in my life
i don't know what i'll do
don't know what made me think
i'd be okay with younow i know i'm never gonna be with you again
now i know i'm never gonna be with you again
oh, oh, oh-ohtried to keep it together
i've said everything
i thought you'd wanna hear
but it didn't happen
