If It's Love

Atb

I've got a five o'clock flight
We've been up all night, throwing these words around
I blame you, and you blame me, with neither one backing down
And we're running, we keep running
Going our same old separate ways, just letting this flame burn out
What's wrong with us?
If it's love then we're worth saving
(I know you got to believe it)
We can heal these hearts we keep on breaking
(I know, I know you still feel it)
Can we try, to get this right?
Cause if it's love, then love is worth the fight
What do you need? Can you talk to me?
I'm laying my weapons down
We built this thing on faith and dreams
All that really matters now is we stop running
Can we stop running?

If it's love then we're worth saving
(I know you got to believe it)
We can heal these hearts we keep on breaking
(I know, I know you still feel it)
Can we try, to get this right?
Cause if it's love, then love is worth the fight
I choose you, I choose you, I do
I'd do it all over again
I choose you, I choose you, I do
I'd do it all over again
If it's love then we're worth saving
(I know you got to believe it)
We can heal these hearts that we keep on breaking
(I know, I know you still feel it)
Can we try, to get this right?
Cause if it's love, then love is worth the fight
If it's love, then love is worth the fight
Worth the fight [x3]
