All of the thoughts we waste
Under the weight of the worldAll of the time we spend
with the weight of the worldDon't miss you ways
Don't miss your leavingLove live my pain
Long live my feelingsBlind and childish
I won't fight it
Here I hide
Underneath my innocence
All of the lies we bent
Under the weight of the world
Caught beaten by the edge
Of the weight of the worldLong live this pain
Long live this feelingDon't need to change
Need to believe inBlind and childish
I won't fight it
Here I hide
Underneath my innocenceHere I hide...
Blind and childish
I won't fight it
Here I hide
Underneath my innocence
