

# One Of The Guys

[Kellie Pickler](#)

Every single day it's the same old thing  
Wake up every morning do the same routine  
Paint my nails and get my hair to curl  
Lord it's hard being a girl  
I love getting all dressed up to the nines  
But sometimes it's fun to be one of the guys[Chorus]  
Something bout old blue jeans and a baseball cap  
Fellas I get it and I admit it  
It just don't get any better than that  
Chicken wings, NASCAR, and football Monday nights  
Sometimes it's fun to be one of the guys I like to put my hair up in a ponytail  
Climb up in a pickup and just raise some hell  
Have a four-wheeling mud bogging real good time  
Then go home and play poker all night long  
I still love chick flicks a real good cry  
But sometimes it's fun to be one of the guys[Chorus: x2]
