Consider This Summer

Rookie of the Year

Rock and Roll girl come outside tonight.
Put your arms up in the moonlight.
Have you ever been in love?
well i have.well this is something you should consider (consider)
don't know what we can be, don't know.
will you dance with me tonight.
can't wait until tomorrow.
will you dance with me tonight?
before your chance is over.
(i need to know, before you go.)rock and roll girl runaway with me.
let me show you everything that we could be.
by the way this song is for you.
well this is something you should consider (consider)don't know what we can be, don't know.
will you dance with me tonight.
can't wait until tomorrow.
will you dance with me tonight?
before your chance is over.
(i need to know, before you go.)
