

# His Record

Vashawn Mitchell

I've seen Him do incredible, impossible things  
Miracles and wonders, He can conquer anything  
If I can be honest, there were times I doubted Him  
Thought He didn't hear me when I called  
I saw others being blessed while I waited my turn  
I had no clue, didn't know what to do  
But I remembered: His record is good.  
I remembered His record is good. I've read about the time when He fed the multitude  
With two fish and five loaves; how amazing it was!  
But I have to admit sometimes my faith gets weak  
Even though I can't see, He's still there.  
So when I have no clue and don't know what to do  
I remember His record is good;  
I remember His record is good. He spoke to the wind, and the storm ceased.  
Healed the blind and made him see, see...  
And just like you and me,  
We have our own testimony  
Of the goodness, the goodness of God.  
When You have no clue and don't know what to do  
Just remember His record is good;  
Just remember His record is good. He can do it.  
He can do it.  
His record is good.  
He can do it.  
He can do it.  
His record is good.  
He can do it.  
He can do it.  
His record is good. He can do it.  
He can do it.  
He can do it.  
His record is good. Still a healer; still a deliverer.  
He can do it; His record is good. Still a healer; still a deliverer.  
He can do it; His record is good. He's a provider; my regulator.  
He can do it; His record is good. His record is good!  
His record is good!  
His record is good!  
His record is good! He can do it.  
He can do it.

He can do it.  
His record is good.He can do it.  
He can do it.  
He can do it.  
His record is good.He can do it.  
He can do it.  
He can do it.  
His record is good.He can do it.  
He can do it.  
He can do it.  
His record is good.
