

Within Me

[Natalie Grant](#)

When I feel the worlds against me
Left me in the cold
Thinking I've been forgotten
Out there on my own I close my eyes and in the silence
Hear a voice so clear
Reminding me Your love
Is always right here Within me then all of my doubts disappear
And there's nothing to fear, Your love's within me
You gave me strength to believe
That all that I am and all that I'll ever need is within me When my spirit's all but broken
I'm humbled to the bone
Searching for the grace
To find my way home I take a breath, a slow deep breath
And feel a sense of calm
Then the hurt in my heart is suddenly gone Within me you wiped away all my tears
There's nothing to fear, Your love's within me
It gives me the strength to believe
That all that I am and all that I'll ever need is within me
