

# Down & Out II

## 4Lyn

welcome 2 the second chapter,my friend (my friend)..

i told you 3 songs before,how the story began.

believe me, bein' broke is not the best of all,but the worst of all is if u're tryin'2 be  
rich and have a dog hangin'on your testicals,yo.

i ran away, and then i tried 2 hide.

i saw this muthafukkin'bus on the corner,so i jumped inside.

the doors got closed,so i took a look around,guess what i saw...

24 beautiful women,lookin at me without makin a sound.

this must b a dream and i tried 2 wake up (shit!).

but this little munster between my legs proved me da opposite,yo.

one bite deeper, and i would sound like rob halford.

so i said,listen up ladies,there's a thing that i need ya help 4.

get this dog (shall i call it a dog or a rat?)off my dick,better make it quick,  
this little teeth are makin me sikk.

they were from sweden,a cheerleadin-team,

on their way 2 some kind of championship,if u know what i mean.

the girl in the middle said:"get this pussy!",

i said :"what?now?"

"not you!the chihuahua,that seems 2 be part of your balls."

ey yo,the beast jumped off, and my menhood got saved,

and 12 fukkin'hours later 24 pussies got shaved...
