

# Lovers Never Say Goodbye

## Weeping Willows

Please wait a while before you say what's on your mind

Is it asking for too much to stop the time

Don't forget that we can touch the stars

don't say you've lost the love inside your heartIf you leave I don't know what I'll do

    Please let me change your mind

    If you leave I won't get over you

Lovers never say goodbyeYou are what you do, not what you say You'll do

    Please don't shut the door between me and you

    Only fools are sure that they know everything

Only you and I know where we've beenIf you leave I don't know what I'll do

    Please let me change your mind

    If you leave I won't get over you

Lovers never say goodbyeInstrumentalIf you leave I don't know what I'll do

    Please let me change your mind

    If you leave I won't get over you

Lovers never say goodbyeDarlin' think about the things that we've been through

    Please don't say that I am losing you
