Gone Gone Gone

James Leary

I've been having trouble looking in the mirror
'Cause when I do I can't stand the person that I see
All though my face is still the same underneath something has changed
From all the shit you've said and done to me, oh no, no
Don't you ever realize the damage you were doing?
Are you aware of all the mess that I've cleaned up?
And now I see just who you are, I can't believe it got this far
And it's time to say enough is enough
So I'll be gone, gone, gone, we started off in heaven
I'll be gone, gone, gone, we ended up in hell
So don't waste my time with one more lie, it's too late to apologize
By the time this song is done I'll be gone
I should have listened when my friends said you were crazy
I should've shown a little spine and self-respect
But I couldn't see the signs, the so called love had made me blind
And tied me up and left me for dead
So I'll be gone, gone, gone, we started off in heaven
I'll be gone, gone, gone, we ended up in hell
So don't waste my time with one more lie, it's too late to apologize
By the time this song is done I'll be gone, I'll be gone
Don't beg me to reconsider
Don't bother getting on your knees
'Cause there's absolutely nothing you can say to change my mind
So save your breath, save your breath
'Cause I'll be gone, we started off in heaven
I'll be gone, gone, gone, we ended up in hell
So don't waste my time with one more lie, it's too late to apologize
By the time this song is done I'll be gone, I'll be gone, yeah I'll be gone
