I'm Over It

Summer of Space

I'm over it
Hey guys I'm in trouble
Didn't mean to cause nobody harm
I can see I'll always need forgiveness
Inside I can feel it
I can almost hear it from your lips
It's cool you're tellin' me to let it go
No cloud hanging over
No cloud hanging over me
No chains pulling me down
I'm as free as I can be
I don't have the time to daily worry 'bout tomorrow
You're the only way to forget my yesterdays
When I fill the deepest ocean
With the tears of my emotions, you make 'em dry
You're the reason why I'm over it
I'm over it
No more regret, no more thinkin' 'bout what coulda been
There's more to give it when you give it up
Untied, untangled this heart's ready and available
Dear God, always make the most of me
My care's sailing out, sailing out to sea
Fear's flyin' away, I'm as free as I can be
I don't have the time to daily worry 'bout tomorrow
You're the only way to forget my yesterdays
When I fill the deepest ocean
With the tears of my emotions, you make 'em dry
You're the reason why I'm over it
You're the reason why
(Sailing out)
You're the reason why
(Sailing out)
No cloud hanging over
No cloud hanging over me
No chains pulling me down
I'm as free as I can be
I don't have the time to daily worry 'bout tomorrow
You're the only way to forget my yesterdays
When I fill the deepest ocean

With the tears of my emotions, you make 'em dry
You're the reason why I'm over it
I don't have the time to daily worry 'bout tomorrow
You're the only way to forget my yesterdays
When I fill the deepest ocean
With the tears of my emotions, you make 'em dry
You're the reason why I'm over it
No more regret, no more thinkin' 'bout what coulda been
