Among the Stars

Burning Heads

Misunderstood I'm all alone when all my friends are too far gone
To solve my problems it's taking time give me something to ease my mindYou know what I expect 'cause you're the guru of my sect
Take my money take the rest take me and answer my requestLost in a dead a dead end street I'm still trying to feel my heart beat
I'll give my life and all I've got if you can give me what I wantYou know what I expect 'cause you're the guru of my sect
Take my money take the rest take me and answer my requestI'm uneasy and a little depressed
Wish I could be someone else I'm so sorry and I don't get the bestI'll follow in your footsteps I'll walk on fire if that's what it takes
To reach the sun and let it rise heaven in hell among the starsMisunderstood I'm all alone when all my friends are too far gone
To care my problems it's taking time give me something to ease my mindYou know what I expect 'cause you're the guru of my sect
Take my money take the rest take me and answer my request
