My Little Baby

T. Rex

All my friends keep asking what do I see in you
Through their eyes, your beauty doesn't show
Ooh, all they ask is justified looking through the naked eye
But through the eyes of my love, I see the inner beauty of youThat's why you're my little baby
That's why you're my little baby
I don't want love on the skin
It's got to come from deep withinThat's why you're my little baby
My little baby
My heart controls my eyes
And your love I visualize, ohh, yeahAll your so called girl friends who compliment your clothes
Know that they're your mama's hand me downs, ooh
The fashion world's turning so fast, you're still trying to catch the past
But in my world of love your style, I know will always lastThat's why you're my little baby
That's why you're my little baby
I don't care what experts say
Our love is tailor madeThat's why you're my little baby
My, my, my, my little baby
Like a brand new ermine coat
You keep me warm as toast, little babyYou know it's true, little baby
You know it's true, girl
You know it's true, little baby
You know it's true, babeI'm sticking with you, little baby
I'm sticking with you, girl
I'm sticking with you, little babyAlways thrill me when you touch me
Honey, you thrill me when you kiss me, little baby, yeah
Ohh, sweet baby, I've got to say I'm thankful
That you're my little baby, my little babyYou fill me up with pride
Every time you're by by side, now, now, now, nowOhh, yeah, you're my little baby, my little baby
My little baby, I've got to say
I'm thankful that you're my little baby
My little baby, my little babyOhh, yeah, you're my little baby, my little baby
My little baby, I've got to say
I'm thankful that you're my little baby
My little baby, my little baby
