Dojo Rising

Cloud Control

I could beat my-self down
You don't need to bother
If I didn't mind the distance
It would probably make me strongerGive it to me easy
Give it to me hard
Just wanna get get get lit, yeah
Then I'm gonna break your heart
Should have probably told you from the start
But I'm lazy
And I don't want anything, yeah
And I don't want anything, yeah
AlrightI could talk to your boss
Meet him in the car park
Let's talk about logistics
That will make me feel so, goodGive it to me easy
Give it to me hard
Just wanna get, get, get lit, yeah
Then I'm gonna break your heart
Should have probably told you from the start
But I'm lazy
And I don't want anything, yeah (and I don't want anything)
And I don't want anything, yeah (and I don't want anything)
And I don't want anything, yeah (and I don't want anything)
And I don't want anything, yeah (and I don't want anything)Give it to me easy,
Give it to me hard
Get lit
Give it to me easy,
Give it to me hard (trillo on hard)
And I don't want anything,
Oooh-oooooh-oooh, oooh-oooooh
Get lit
Oooh-oooooh-oooh, oooh-oooooohAnd I don't want, h'and I,
Get get get get get get geta geta geta geta geta geta geta get
Get lit
Get get get geta geta geta geta geta get geta geta geta geta
And I don't want anything
