Girls It Ain't Easy

Dusty Springfield

Yeah, it ain't easy, girls, it ain't easy
To keep the man you love satisfied
It ain't easy, girls, it ain't easy
To keep the one you love by your sideA woman's work is never done
Never stops, it goes on and on
You work your fingers to the bone
You gotta be home every time he phonesSometimes the going gets a little tough
Seems like my best ain't good enough
Keeps you losing sleep
Seven days a week, yeahIt ain't easy, girls it ain't easy
To keep the man you love satisfied
It ain't easy, girls it ain't easy
To keep the one you love by your sideTo keep him happy
You must sacrifice
Be ready and willing
To spend lonely nightsDo what you can
Though he seems ungrateful
Love him so true
Even though he seems unfaithfulBut when his hope is gone
And life gets him down
That's when he'll say
He needs you aroundHard to live with him
Hard to live without him
It ain't easy, noOh, yeah, it ain't easy, girls, it ain't easy
It ain't easy, girls it ain't easyYou got to favor him with understanding
When understanding is what he needs
We try hard to give them respect
All that we get is their regretBut when they're in trouble
They need our love and care
No matter when we gotta be right there
In between the crying, gotta keep tryingIt ain't easy, girls, it ain't easy
Ooh, ooh, ooh
It ain't easy, girls, it ain't easy
It ain't easy, girls it ain't easy
It ain't easy, girls it ain't easy
