

# My Enemy

## Smash Into Pieces

God damn,  
I can tell when something's wrong,  
We don't have to believe in nothing,  
Hell Yeah,  
You can try, just bring it on,  
You don't know who you would be fighting, They are on their Knees,  
You ain't bringing me down, If my World won't turn,  
I'll be aiming high,  
I will make it burn,  
Set a Fire in the Sky,  
You don't wanna be my Enemy,  
God damn,  
So much love for the Unseen,  
You are making them serve your purpose,  
Hell no,  
That's not meaning, that's just mean,  
Shouldn't force them to join your Circus, If you're asking for,  
What I most adore,  
I ain't letting it go, If my World won't turn,  
I'll be aiming high,  
I will make it burn,  
Set a Fire in the Sky,  
You don't wanna be my Enemy, Consider this your Warning,  
Before I loose Control,  
You will not take this Darling, no,  
If my World won't turn,  
I'll be aiming high,  
I will make it burn,  
Set a Fire in the Sky,  
You don't wanna be my Enemy,
