

I Want Your Bite

Chris Crocker

It's Chris Crocker
You know it's not about romance
It's just about what's in your pants
Screw hello, you had me at sex
Don't need no intro, let's skip to the bed
From your head to your toes
Legs up over your head
From begs to moans
We're both seeing red.
Some believe in love on first sight
But this is just lust on the first night
If it turns into more than that's all right
But right now I don't want your kiss...
I want your bite
Wanna feel your teeth on my neck
Wanna taste the salt of your sweat
Gonna rock your body all night
It's lust at first sight
The way you're making me hot
Don't stop you're hittin the spot
Gonna rock your body all night
It's lust at first sight
Lost control, but not get mislead
Don't ask for my phone
Yeah we're just sex friends
Who needs clothes
when you're covered in men
You never know
The hand I will lend
Some believe in love on first sight
But this is just lust on the first night
If it turns into more than that's all right
But right now I don't want your kiss...
I want your bite
Wanna feel your teeth on my neck
Wanna taste the salt of your sweat
Gonna rock your body all night
It's lust at first sight
The way you're making me hot

Don't stop you're hittin the spot
Gonna rock your body all night
It's lust at first sight
Wanna feel your teeth on my neck

Wanna taste the salt of your sweat
Gonna rock your body all night
It's lust at first sight
The way you're making me hot
Don't stop you're hittin the spot
Gonna rock your body all night
It's lust at first sight
It's just a one night stand
Maybe even just a five minute jam
Yeah, I'm sure you'll rate your gram
But your sex is all I'm interested in
So please don't put me in your plans
Just put me in your mouth
Yeah put me in your hands
You're not the one for me
You're just the one for my pee pee
I want your bite

Wanna feel your teeth on my neck
Wanna taste the salt of your sweat
Gonna rock your body all night
It's lust at first sight
The way you're making me hot
Don't stop you're hittin the spot
Gonna rock your body all night
It's lust at first sight
Oh, Oh baby just bite me.

I want your bite
Wanna feel your teeth on my neck
Wanna taste the salt of your sweat
Gonna rock your body all night
It's lust at first sight
The way you're making me hot
Don't stop you're hittin the spot
Gonna rock your body all night
It's lust at first sight
Wanna feel your teeth on my neck
Wanna taste the salt of your sweat
Gonna rock your body all night
It's lust at first sight
The way you're making me hot

Don't stop you're hittin the spot
Gonna rock your body all night
It's lust at first sight
