

# Transparent

Millie

Consume all the obscene  
Persuade the most hideous and ugly  
Under every pile and stone  
A rebirth for you to find Freedom is to be able to go in any direction  
So take the uncertain path One foot in the open  
Ten feet ahead  
Build your own ladder  
And don't lie to yourself Secrets left above the grave  
(Its not for one to keep)  
You're all so self destructive Spend more time with the broken  
(See what became of their mistake)  
You know you're lost when you feel transparent Be at one with the wind  
Even if it's a struggle  
Make this your priority Open all your senses to new impressions  
Act like all that was has vanished One foot in the open  
Ten feet ahead  
Build your own ladder  
And don't lie to yourself Secrets left above the grave  
(Its not for one to keep)  
You're all so self destructive  
Spend more time with the broken  
You know you lost when you feel transparent One foot in the open  
Ten feet ahead  
Build your own ladder  
And don't lie to yourself Secrets left above the grave  
(Its not for one to keep)  
You're all so self destructive Spend more time with the broken  
(See what became of their mistake)  
You know you're lost when you feel transparent You know you're lost, you know you're lost  
You really know you're lost when you feel transparent
