

# Nebularium

## Disarmonia Mundi

our life is sometimes  
a story set in a game level,  
we never leave until the will dies  
if our credits were forever  
forever...and now the time has come  
I feel so weak  
I was weared out by the wander  
and I can't believe  
answer's here  
in this silent shadowall's silent in deepest freeze  
flowing back I see  
the steps of my history  
and their immobility people flowing, looking on  
and never turn back  
deepest dreaming hypnotized  
our steps give rules to time alone in a crowd, likes of me  
shadows fight against shadows of time  
alone in a room the end I can't see  
I cry, just leave me alone it follows near behind  
alone against the shadows of time I hear his breath of centuries  
millennium-old heart pulse  
be my nebularium  
save my life from its hold I slowly turn my look  
there's a mirror behind  
an old man in the reflection  
the shadow is me
