

# Noots

## Sum 41

Today it's too late  
How long do we have to wait  
Oh no, I think she knows  
That's why I can't let go I feel this burning inside  
A feeling that no one should know  
This could be so good again  
I'd wait here till then But not with this  
So now I'll leave with No apologies  
I never thought you'd be so  
Easily deceived Now I'll just hang my head  
(Falling further out of place)  
While I walk with the dead  
(All the lies I can't erase)  
I'll just hang my head We're mad with regret  
Memories that we'll both forget  
So far it's been so hard  
To cover up these scars I see this falling apart  
It's easy to just let it go  
No luck between us both  
So why keep waiting But not with this  
So now I'll leave with No apologies  
I never thought you'd be so  
Easily deceived Now I'll just hang my head  
(Falling further out of place)  
While I walk with the dead  
(All the lies I can't erase)  
I'll just hang my head What's left to show?  
It's so bad but I got to know  
What's right don't know  
How to find it out on my own? (And here we go)  
One by one we both fall down  
Who's the first one to hit the ground now  
(And here we go)  
What's worse taking the fall or be stuck standing alone (And here we go)  
I'll keep your promises if you  
Take back every thing I said  
(And here we go)  
I find its got so cold now that I've lost my heart and soul No apologies  
I never thought you'd be so

Easily deceived Now I'll just hang my head  
(Falling further out of place)  
While I walk with the dead  
(All the lies I can't erase) I'll just hang my head  
I'll just hang my head
