Noots

Sum 41

Today it's too late How long do we have to wait Oh no, I think she knows That's why I can't let goI feel this burning inside A feeling that no one should know This could be so good again I'd wait here till thenBut not with this So now I'll leave with No apologies I never thought you'd be so Easily deceivedNow I'll just hang my head (Falling further out of place) While I walk with the dead (All the lies I can't erase) I'll just hang my headWe're mad with regret Memories that we'll both forget So far it's been so hard To cover up these scarsI see this falling apart It's easy to just let it go No luck between us both So why keep waitingBut not with this So now I'll leave withNo apologies I never thought you'd be so Easily deceivedNow I'll just hang my head (Falling further out of place) While I walk with the dead (All the lies I can't erase) I'll just hang my headWhat's left to show? It's so bad but I got to know What's right don't know How to find it out on my own?(And here we go) One by one we both fall down Who's the first one to hit the ground now (And here we go)

What's worse taking the fall or be stuck standing alone(And here we go)

I'll keep your promises if you

Take back every thing I said

(And here we go)

I find its got so cold now that I've lost my heart and soulNo apologies

I never thought you'd be so

Easily deceivedNow I'll just hang my head
(Falling further out of place)
While I walk with the dead
(All the lies I can't erase)I'll just hang my head
I'll just hang my head
