3234 (Imbecile)

Gus Black

You say God's an animal
You say God's to blame
You call me an imbecile
Your venom flows with rageSay you won't, say you will
Teach your mind to change
But I say I will wait, my love
Till happy judgment dayThis black and blue eyed addicted phone
Bleeds about the state
Bet you hate all your friends to know
Your pleasure points of painSay you won't, say you will
Keep your pride in vain
Well I pray, time will change our love
Before happy judgment daySo choose, don't move
Just chooseAnd now fall out chemicals
Bleed colors you can trace
Don't call me an imbecile
'Cause you don't have faithSay you won't, say you will
Teach your mind to change
But I say I can't wait, my love
Happy judgment day
