

Move Along

Chris Isaak

All the good hearts have been taken
No more hearts around here were breaking
All the good girls know I'm lying
What's the point to keep on trying[Chorus]
(Move along)
Such is love
(Move along)
Such is love
(Move along)
Such is my love for you All the bad girls know my story
Justified for love and glory
All the good girls see me coming
What's the point to keep on running[Chorus] All the lies I told to you, some of them came true
Sometimes I'm a fool
All the things I said we'd plan, darling understand
Those lies hurt me too
So I'll go All the good hearts have been taken
No more hearts around here were breaking
Hard to face the truth about me
You'll be better off without me[Chorus](Move along)
(Move along)
Such is my love for you
(Move along)
(Move along)
Such is my love for you
