

You Don't Hear My Music Anymore

Town Meeting

You donâ€™t hear my music anymore, do you now? Do you no-ow?
You donâ€™t hear my music anymore, do you now?

Is it more than just a whisper, when you start to clear your throat?
With the quickness of a predator, or a haunting quarter note
There's a message in the melody, that your humming from your chair
There's no need for an interpreter, I am reading loud and clear

You - donâ€™t - he-e-ear my music anymore, do you now? - do you no-ow
You donâ€™t hear my music anymore, do you now? Do you no-ow
Yo-ou do-ont he-ear my-y music anymore, do you no-o-o-o-ow
O oo o OOOOOOOOoOoOOoOOoOoo you know

As Iâ€™m breathing at the table, you are shuffling toward the bed
I feel you know you no longer need this, I'll just keep this in my he-ead

You - donâ€™t - he-e-ear - my-y music anymore, do you now?
