

# Knocks You Down (Featuring Ne-Yo & Kanye West)

Keri Hilson

Not again  
Oh, this ain't supposed to happen to me Keep rockin' and keep knockin'  
Whether you Louboutin it up or Reebok'n  
You see the hate that they servin' on a platter  
So what we gonna have, dessert or disaster? I never thought I'd be in love like this  
When I look at you my mind goes on a trip  
Then you came in and knocked me on my face  
Feels like I'm in a race but I've already won first place I never thought I'd fall for you as hard as I did  
You got me thinkin' 'bout our life, a house and kids, yeah  
Every morning I look at you and smile  
'Cause boy, you came around and you knocked me down  
Knocked me down Sometimes love comes around and it knocks you down  
Just get back up when it knocks you down, knocks you down  
Sometimes love comes around and it knocks you down  
Just get back up when it knocks you down, knocks you down I never thought I'd hear myself say  
Y'all go ahead, I think I'm gonna kick it with my girl today  
I used to be commander in chief of my pimp ship flyin' high  
'Til I met this pretty little missile, shot me out the sky Hate to know I'm crashin', don't know how it happened  
But I know it feels so damn good  
Said if I could go back and make it happen faster  
Don't you know I would baby, if could Miss independent to the fullest  
The load never too much, she helpin' me pull it  
She shot the bullet that ended that life  
I swear to you the pimp in me just died tonight, girl Sometimes love comes around and it knocks you down  
Just get back up when it knocks you down, knocks you down  
Sometimes love comes around and it knocks you down  
Just get back up when it knocks you down, knocks you down Tell me now can you make it past your Caspers?  
So we can finally fly off into NASA  
You was always the cheerleader of my dreams  
And seemed to only take the head of football teams And I was the class clown that always kept you laughin'  
We were never meant to be baby, we just happened  
So please don't mess up the trick  
Hey young world I'm the new Slick Rick They say I move to quick but we can't let this moment pass us  
Let the hour glass pass right into ashes  
Let the wind blow the ash right before my glasses  
So I wrote this love letter right before my classes How could a goddess ask someone that's only average for  
advice  
OMG you listen to that bitch? Whoa it's me, baby, this is tragic  
'Cause we had it we was magic, I was flyin', now I'm crashin'

This is bad, real bad Michael Jackson  
Now I'm mad, real mad Joe Jackson  
You should leave your boyfriend now, I'ma ask 'em Say you gotta take the good, the bad, happy and the sad  
But when you bring a better future than I had in the past  
'Cause I don't wanna make the same mistakes I did  
I don't wanna fall back on my face again I'll admit it, I was scared to answer love's call  
And if it hits better make it worth the first when it comes around Sometimes love comes around and it knocks  
you down  
Just get back up when it knocks you down, knocks you down  
Sometimes love comes around and it knocks you down  
Just get back up when it knocks you down, knocks you down Won't see it comin' when it happens but when it  
happens  
You're gonna feel it let me tell you now  
See when love comes it knocks you down  
Won't see it comin' when it happens but when it happens  
You're gonna feel it let me tell you now  
See when love comes it knocks you down, yeah
